

Undergraduate Nursing

Geriatric Nursing Study Pack

CharaNas Nursing — Specialty Notes

Expanded notes with original schematic figures for revision. These are educational drawings inspired by standard undergraduate teaching themes, not copied textbook plates. Always follow your faculty curriculum and latest guidelines.

Section	Focus
1	Core concepts in Geriatric Nursing
2	Assessment and early warning
3	Interventions and evaluation
4	Safety, teaching and teamwork
5	Checklist and book anchors
6	Quick pearls from these notes
7	Recommended book sources

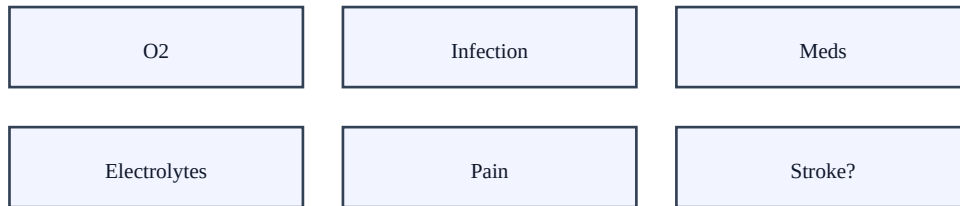

1. Core concepts in Geriatric Nursing

High-yield undergraduate themes in geriatric nursing for exams and clinical practice.

Connect assessment → priority → intervention → reassessment.

Patient safety, communication, and ethics are woven into every specialty.

Figure: Acute confusion workup mindset

Delirium is a symptom — seek reversible causes while protecting safety

Schematic figure for learning — verify details in your recommended textbooks.

Revision prompts

- Explain this section aloud in 60 seconds as if teaching a junior student about geriatric nursing.
- List 3 red flags that would make you escalate care urgently.
- Name 2 investigations and 2 initial management steps you would consider first.

2. Assessment and early warning

Recognize red-flag presentations early in geriatric nursing.

Use systematic ABC/safety frameworks before task lists.

Know when to call rapid response or escalate up the chain of command.

Revision prompts

- Explain this section aloud in 60 seconds as if teaching a junior student about geriatric nursing.
- List 3 red flags that would make you escalate care urgently.
- Name 2 investigations and 2 initial management steps you would consider first.

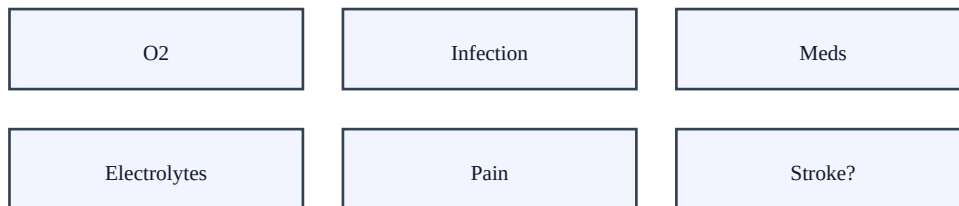

3. Interventions and evaluation

Nursing actions should be evidence-informed and protocol-aligned.

Reassess after medications, oxygen, fluids, and teaching.

Document clearly; hand off risks using structured tools (SBAR themes).

Figure: Acute confusion workup mindset

Delirium is a symptom — seek reversible causes while protecting safety

Schematic figure for learning — verify details in your recommended textbooks.

Revision prompts

- Explain this section aloud in 60 seconds as if teaching a junior student about geriatric nursing.
- List 3 red flags that would make you escalate care urgently.
- Name 2 investigations and 2 initial management steps you would consider first.

4. Safety, teaching and teamwork

Infection control, medication safety, and fall prevention are daily work.

Teach patients/families in plain language and verify understanding.

Collaborate with the interprofessional team; advocate when plans are unsafe.

Revision prompts

- Explain this section aloud in 60 seconds as if teaching a junior student about geriatric nursing.
- List 3 red flags that would make you escalate care urgently.
- Name 2 investigations and 2 initial management steps you would consider first.

5. Checklist and book anchors

Checklist: ABC/safety → focused assessment → intervene → reassess → communicate.

After reading, practice with the MCQs and cases for active recall.

Primary references: Touhy & Jett; Eliopoulos; Beers Criteria.

Revision prompts

- Explain this section aloud in 60 seconds as if teaching a junior student about geriatric nursing.
- List 3 red flags that would make you escalate care urgently.
- Name 2 investigations and 2 initial management steps you would consider first.

6. Quick pearls

High-yield reminders packaged with this specialty in CharaNas:

1. Infection may present as confusion without fever.
2. Polypharmacy and Beers Criteria awareness.
3. Delirium is acute — seek reversible causes.
4. Fall and pressure-injury prevention bundles.
5. Report suspected elder abuse.
 - Link symptoms → anatomy/physiology → investigation → first management step.
 - Write one OSCE-style explanation for a common presentation in this specialty.
 - After reading, do the Short MCQ and Case-based Question for active recall.

7. Recommended book sources

Standard undergraduate references commonly used internationally. Use the edition your college recommends. Figures in commercial textbooks are copyrighted; use library/licensed access for full plates and photographs.

#	Reference
1	Gerontological Nursing — Touhy & Jett
2	Eliopoulos Gerontological Nursing
3	Beers Criteria summaries

How to study with this PDF: read one section → sketch the figure from memory → answer the MCQs/cases → review mistakes → revisit the matching section.
